

The **College of Technology and Design** wants you to make...

...a **Fresh Start!**

Greetings! Student Services and Financial Aid at CTD have teamed up to assist you in reaching your educational goals in 2010. The plan is called **Fresh Start Advantage**. It is an opportunity for you to re-enroll at CTD with a Fresh Start. The **Fresh Start Advantage** means that any outstanding balance you may have will be eliminated if you enroll and complete your degree. The CTD financial aid department can determine what financial value this is to you. Make an appointment today with Jane Doe to determine how the **Fresh Start Advantage** can assist you in completing your educational goals. This gift to you is our way of saying we want to work with you to complete your degree.
